1. Overview

- 1.1. The Council Plan 2023-28, approved in March 2023, outlines the Council’s priorities for the five-year period of the plan. It describes what the Council has planned to do to address these priorities, and how success is measured.
- 1.2. The Delivery Plan to support the Council Plan contains a number of priority actions listed to indicate the work which will be undertaken to achieve the identified outcomes.

- 1.8. Section 4 below sets out more detail on complaints and compliments received by Strategy, Performance and Business Solutions.
- 1.9. Following the restructure approved by the Council on 7 May 2025, this will be the final performance report for the Strategy, Performance and Business Solutions directorate, with the remaining delivery plan actions, performance indicators and risks being transferred to the other directorates according to the Head of Service responsible for them.

4.1. Table 1 below sets out the complaints and compliments made to Strategy, Performance and Business Solutions in the 6-month period 1 October to 31 March 2025, and for the two preceding six-month periods.

Table 1.	Six months ending 31 March 2024.	Six months ending 30 September 2024.	Six months ending 31 March 2025.	Totals.
Complaints.	1	2	1	4
Compliments.	4	4	4	12

4.2. When considering the raw data within Table 1 above, it should be noted that the Council has adopted a policy of encouraging staff to record all complaints against the Council through the Complaints Handling Procedure. This includes complaints that are quickly and satisfactorily resolved by the frontline service, thereby enabling the Council to identify any trends that would help to improve the service. As a result, the number of complaints captured by the procedure may increase and

that does not necessarily reflect an increase in the number of people contacting the service to express dissatisfaction with the Council.

- 4.3. As the numbers of complaints remain low, no particular trends or common themes were identified.

Gavin Mitchell	<p>BRAG status at 30 September 2024: Green</p> <p>Work on this project has slowed due to a lack of assigned staff following a number of officer departures in 2024/25. A Corporate Policy Team is currently being established within existing resource, and it is proposed that this will include two Policy Officer posts. Once these posts are filled, it is hoped that progress will be able to resume at pace and that Stage 2 will be able to commence, but, in the meantime both posts remain vacant, and it is therefore likely that the target date for this action will in due course need to be extended. The Council remains in active dialogue with the Scottish Government around the feasibility of a Single Authority Model of governance for Orkney.</p>
