Additional Comments:

War memorial “turns its back” on the village and green space with the stone wall. Removing or having openings in the wall would mean the war memorial could interact with greenspace and maybe become more usable.

Note: community group/ development trust have renovated the old croft near to the memorial and have plans to renovate the temperance halls as heritage centre. Open space with these facilities or tying the memorial in here would be good.

Opportunities for community involvement in management	0	No community involvement.	Community involvement could reduce maintenance costs.

Additional Comments:

More of a “transition” space used to connect housing down to the pier and local shop. More planting and maybe some sating could be potential actions to create an interesting space.

Additional Comments:

Well maintained space almost as if new with very good range of play equipment offered. Southern access becoming neglected due to more attractive alternative pathway from Church Road so would seem contradictory to pave this too. Main issue involves looking into creating a pathway to link space to new housing to the west.

Promote activity, health and well being	Score	Comment	Potential Action
Provide diverse play, sport and recreational facilities	1	As a level greenspace provides opportunity for sporting activities but looks unused.	Due to proximity of housing addition of a football goal may be unrealistic unless a five a side goal to compliment size of space.
Provide places for social interaction	2	With surrounding housing should be ideal conditions but space lacks usage.	See previous to promote activity within the space.
Contains high quality appropriate and carefully sited facilities to meet user needs	N/A	Not relevant.	None required.
Community benefits	Score	Comment	Potential Action
Safe and welcoming	4	Nature of space surrounded by houses.	None required.
Appropriate lighting levels	4	Street lights within space.	None required.
Provide good routes to wider community facilities	3	Limited by context but route via play area provides wider access.	None required.
Sense of local identity and place	3	Can see wider landscape but sea views are obscured.	None required.
Opportunities for community involvement in management	0	Would enable space to be used in keeping with needs of adjacent houses.	Enquire with households to check feasibility and potential improvements.

Additional Comments:

Due to the proximity to the nearby play area, this makes any potential improvements less pressing. Main actions would involve enhancing the space through additional planting to compliment housing or encourage use for games/sport as it provides a relatively level surface, an aspect the play area lacks.

Accessible and well connected	Score	Comment	Potential Action
Well located, close to community	3	At edge of village with no direct pedestrian path to the space.	Provide pavement access.
Disabled access	2	Compacted gravel path may be suitable as a surface but unevenness and incline may prove difficult. Also lack of paved access to the space.	Provide pavement access to the space to connect with the rest of the village. Potential to create more accessible entry to the space.
Quality Paths, fit for purpose	2	Could be improved but use of space may make improving this unnecessary.	Provide smoother surfaced pathway.
Accessible entrances in the right places	2	Lack of access to the north. Both entries not fully accessible to all.	Address main entrance issues for easier access.
Connected to path network/ core path	0	Should provide continuous pavement route throughout village.	Provide pavement pathway.
Good signage	3	Regarding totem pole. No further information needed.	None required.
Attractive and Appealing	Score	Comment	Potential Action
Attractive with positive image	3	Quite a few weeds and daisies including on the playing surface. No litter evident.	None required.
Quality materials used	2	Gravel path fulfils function but could be improved.	Resurface access path.
Quality furniture • Bins • Cycle stands • Seating	3	Seating near dugouts. No bins but pavilion would be opened during match days and may be provided during such times.	None required.
Quality equipment	4	Goalposts in good condition.	None required.

Safe and welcoming	3	Only noise from infrequent passing of cars.	None required.
Appropriate lighting levels	1	Floodlights could be provided to prolong times of use.	Addition of floodlights.
Provide good routes to wider community facilities	2	Lacks pavement access along road.	Provide pavement access.
Sense of local identity and place	4	Open views of surrounding context. Further information available at car park near barrier crossing.	None required.
Opportunities for community involvement in management	4	Totem pole highlights involvement.	None required.

Additional Comments:

Some form of continuous pavement route should be provided throughout the village settlement as a key priority and may promote usage out with match days. Re-surfacing of access to the space and floodlight provision provide potential future improvements.
