Date 15 June 2021

To whom this may concern,

I am writing to you to provide you with my backing for Community Asset Transfer by Matthew Byers of Orkney Weightlifting Club. Orkney Weightlifting Club as a company provides a unique service to children within Orkney Area, allowing them to take their sporting abilities to the next level. Matthew and his team have been a massive asset to the sport of Weightlifting within their area for some time and they continue to prove themselves with the calibre of athletes they continue to mould.

Orkney currently allow abled body athletes access to Weightlifting but they would like to allow disabled athletes to take part in Para-Powerlifting, this for BWL as an organisation only strengthens our backing to Matthew in his pursuit of achieving a Community Asset Transfer. I would like to stress my backing for you to approve this proposal and allow Matthew and his team to continue growing.

Thank you for your time,

Best Wishes

Tom Wilkinson

www.britishweightlifting.org

The banner features the British Weight Lifting logo on the left, which includes a stylized barbell icon. To the right of the logo, the text reads: "BRITISH WEIGHT LIFTING", "British Weight Lifting Courses", "Industry leading accredited qualifications", and "Book your place today by visiting www.britishweightlifting.org/courses-and-learning". On the right side of the banner, there are three circular icons representing COVID-19 safety measures: "HANDS" (handwashing), "FACE" (face mask), and "SPACE" (social distancing). To the far right, there is a yellow sign with red and black text that says "STAY HOME", "PROTECT THE NHS", and "SAVE LIVES".
